the prose Gita of Bhattadeva composed in the sixteenth century is unique of its kind..... it is priceless treasure. Assamese prose literature developed to a stage in far distant sixteenth century which no other literature of the world reached except

the writing of Hooker and Latimer in England. î Á√±1 '±qAÓ-± Π ~≈±±É√πÁ' , > fljÔ±:œÓ-±1 .?√...Ó- CE' ±ø"√√Ó- Δ' √√

ðð, eÓ- ΔfljÁÁ√ CE' iWhile admirable as presenting a specimen of prose style so far back there is hardly anything
remarkable in this prose rendering from the linguistic point of view. The diction is overloaded with Sanskritic words and
the language is far less homely than the language of the verse writers which occasionally betrays colloquialisms. î Í- 0
